Some suggestions for the agenda – to be discussed:

- Stories that demonstrate the difference we make
- Managing, changing, training and lifting our Board
- Succession planning
- The importance of the Treaty to our sector
- Why politics is important and the part local bodies play in social wellbeing.

We hope you will take two hours out of your month to get to know others working in our sector. This is an opportunity to talk about the difference your organisation is making and how, enjoy some peer support, information and knowledge sharing, relevant learning, support for joint advocacy and to just relax with your colleagues over lunch.

**Don't forget that the free bus stops outside our building (CW) or bring a gold coin for the pay & display parking next door to the Meteor Theatre. (\$1 per hour)**
